sharing his experiences and tips on flying with the membership will inspire the next Nationals winner!

## Wanted: A Few Good Models!

Let's face it. We all have models stuffed in the rafters, in the attic, and down in the basement. Maybe they have some minor damage and you just haven't had the time to make them airworthy, or your afraid that old brittle glue isn't going to hold up to those 5g turns you like

to make. It could even be the old wide band radio in it that keeps it grounded, but "gosh darn it!", that radio worked great and you're just not going to replace it! There may be a solution for you. The owner of the Kitty Hawk restaurant at the Dupage Flight Center would

like to hang some scale vintage models from the ceiling. Wouldn't it be nice to put that beautiful old model that's just gathering dust, on display for others to see? You can arrange

to hang them on loan, sell them to the Kitty Hawk, or put a price tag on them. If any of this sounds worth while to you, please contact Greg Erickson at 630-513-0641.
