Merry Christmas! Next Meeting Gifts and Food!

It is the time of year for a Festive Event! Christmas is right around the corner and we would like to celebrate with our annual special Christmas meeting!

Our December meeting will bring both food and gifts to the evening. The club will be providing sandwiches and other goodies while members are invited to bring item of their own to share.

After a bit of filling our tummies, it will be time to spread some Christmas Cheer with our evening give away. Our Christmas shopping was a little different this year with fewer but nicer items.

And this evening offers another opportunity! A chance to re-gift some of those tools, kits, materials, or other items that are no longer fitting your modeling needs. We will be **happy to accept your donations** for the evening! If you have something, please bring it along!

No Airplane Flying at Dome on December 16th

We have made a deal with the Drone Racer's to allow them to have a race on Saturday December 16th.at the dome. This means we will not have airplane flying at the dome that night. But we will extend our flying season by one week as a result. Feel free to come out and enjoy the race, but no flying of RC planes.
