July 19th, Monday, Board Meeting, ZOOM, 6:45pm login, 7:00pm meeting start.

Thursday Evening Flight Instruction Continues!

We are happy to announce that the Thursday evening flight instruction and new flyer night will continue this year. If you are looking for help with learning to fly or to increase your skill while reducing your risk, stop by and get some “stick time”.

This is possible because Steve Thill has once again agreed to donate his time as long as he is able this flying season. Steve is generally at the field in the early evening hours on Thursdays, but if you are looking for help, you can let Steve know when you plan to be there. Steve’s contact information is at the end of this newsletter.

June Static Display

By Scott Taylor

Don’t miss the “virtual” Static Display at our June meeting. Many of your fellow modelers have submitted their entries to our event. So, see all of the unusual and detailed models.

entries will be considered to be the same category. However, we did set up a separate Whipper Whiz category. Even though these are all the “same” design, the differences are interesting to see.

Because the number of entries make it difficult to fill the categories we have traditionally had, all of the

Meeting Notes for Membership Meeting

May 3, 2021

Membership Meeting was called to order on May 3, 2021 at 7:10 PM.

Attendance: There were 15 people connected to the online meeting held through the Zoom application.

Officer Reports:

President: Hector Rivera welcomed everyone to the meeting. He discussed member meetings as we go forward. He said some clubs are starting to hold in person meeting. We will be looking into this for our club as well.

Hector once again reminded members that we will need a Swap Shop Chairman if we are to continue with this event. Please give it some consideration.

The next membership meeting will be June 7th and the next Board meeting is May 17th.

Vice President: Paul Kramer said our field has traditionally been open sunrise to sunset. But recently someone said the start time would be similar to Springbrook. This would be 8am for electric flying and 9am for glow/gas.

Paul also discussed additional modeling materials that were being donated to the club. This has become an issue with storage and how to use, sell, or distribute these items. **Ernie Blenkle** suggested he might be able to talk to the West Chicago Park District about having an informal "swap".

Secretary: Scott Taylor reported that we will have a virtual **Static Model Display** at the next months meeting. Please get your entries in!

Treasurer: Larry Amiot reported the balance of the treasury at \$5692. He has recorded 4 life members, 15 seniors, and 8 regular members.

NEW/OLD BUSINESS

Ernie Blenkle asked about a prominent location at the field to display emergency contact. The flight shed seems the obvious choice, but how to display is a question. We will be looking into something bold, waterproof, and prominent that is within the Forest Preserver guidelines.

Web Support – There was some discussion about how to keep our website maintained. Two members have offered support. Both John Goetz and Larry Amiot said they had experience and could help.

Whipper Whiz Competition – May is the last month to get your Whipper Whiz postal fun fly entries in! Send you flight time and distance results to **Ernie Blenkle**. We will report results at the June meeting.

ENTERTAINMENT

Larry Amiot showed a video on the B-17.

Paul Kramer continued his report on building his Spitfire. He was showing details and modifications of the tail.

DOOR PRIZES

Ruth Egging was our door prize winner and **Merv Kenney** took home the turkey!
